**ICP+P Psychoanalytic Training Program
Offers a free recruitment event**

***How a Master Psychoanalyst Thinks about a Patient:
A Live Supervision with Joseph D. Lichtenberg, MD***

**May 13, 2015
7:00 pm to 9:00 pm**

***Featuring a case presentation by Rhoda Spindel, MSW
Graduate of the ICP+P Psychoanalytic Training Program***

In conjunction with the International Association of Psychoanalytic Self Psychology (IAPSP), we are proud to offer this free program in which participants will have a close view of a major theoretical innovator and integrator of developmental research findings into clinical psychoanalysis, Joseph D. Lichtenberg.

In this live supervision session, Rhoda Spindel will present a case that will include process material. Dr. Lichtenberg will share his thinking about the patient, his understanding of their intersubjective dyadic engagement, and his ideas about helping the analyst move the treatment forward. Following the supervision session, there will be a discussion with the audience.

This event is part of a larger international effort within IAPSP to form an archive of live supervision sessions by master psychoanalysts and will be filmed. This archive is meant to preserve clinical wisdom and be available for teaching purposes.

We hope that individuals interested in considering psychoanalytic training at ICP+P will join us for this event. If you are interested in learning more about the ICP+P Psychoanalytic Training Program, please contact Elizabeth Carr emcarr@aol.com or Sandra Hershberg hershbs@verizon.net.

The event will be held at 6256 Clearwood Road, Bethesda, MD 20817. Limited space is available. Please RSVP via Nancy Der, ICP+P Administrator administrator@icpeast.org to reserve a space.
